# IEEE AUTOTESTCON 2024

**August 26 - 29, 2024 ★ National Harbor, Maryland**
## Gaylord National Convention Center

### Increasing System Availability Through Advanced Test and Support Technology

## CALL FOR PAPERS

### IMPORTANT DATE

**May 1, 2024**
Abstracts Deadline

### ORGANIZING COMMITTEE

#### GENERAL CHAIR

**Bob Rassa**
Raytheon (Ret.)
bobrassa1@gmail.com

#### TECHNICAL PROGRAM CHAIR

**Michael Seavey**
Northrop Grumman (Ret.)
mike.seavey@gmail.com

**2024.AUTOTESTCON.COM**

AUTOTESTCON is the world's premier conference that brings together the military/aerospace automatic test industry and government/military acquirers and users to share new technologies, discuss innovative applications, and exhibit products and services. It is sponsored annually by the Institute of Electrical and Electronic Engineers (IEEE).

AUTOTESTCON will be held at the Gaylord National Harbor Resort, National Harbor, MD, USA, on August 26–29, 2024. The technical program for AUTOTESTCON 2024 will be determined by the interests of those participants submitting for publication, presenting a technical paper or organizing a technical session. Papers and sessions should cover appropriate topics dealing with increasing DoD systems availability and automatic test technology in particular.

## KEY TOPICS

| Performance Based | Logistics | Health Monitoring & Diagnostics | Embedded Instrumentation | Support Economics | Test & Support Management | Cyber Security |
|---|---|---|---|---|---|---|

» Spiral Development and Evolutionary Acquisition

» Flexible Sustainment

» Interoperability

» Design-For-Test/Built-In-Test

» Fault Tolerant Systems

» Legacy ATE Challenges

» Future Logistics Support Concepts

» Contractor Logistics Support

» Maintenance Repair & Overhaul

» Multinational Integrated Support

» Commercialization of Military Maintenance

» Electronic Warfare Test and Applications

» CMMI Application to ATE/TPS Development

» DMSMS Approaches

» Organizational/Intermediate/Depot Level Maintenance For The Future

» Next Generation Test Systems

» Test Program Set Development

» Prognostics

» Test Requirements Definition and Verification

» Factory and Development Test

» Software Testing and Research

» Development in Instrumentation and Measurement

## SUBMISSION

Abstracts are to be submitted to the Abstract Management website no later than May 1, 2024, at **https://edas.info/N31900**. Questions and Session proposals should be addressed to the Technical Program or General Chairs.
