Invitation

The 63rd IEEE Conference on Decision and Control will be held Monday through Thursday, December 16-19, 2024 at the Milano Congressi (MiCo) Conference Centre, Milan, Italy. The conference will be preceded by technical workshops on Sunday, December 15, 2024.

The CDC is recognized as the premier scientific and engineering conference dedicated to the advancement of the theory and practice of systems and control. The CDC annually brings together an international community of researchers and practitioners in the field of automatic control to discuss new research results, perspectives on future developments, and innovative applications relevant to decision-making, systems and control, and related areas.

The 63rd CDC will feature contributed and invited papers, as well as workshops and tutorial sessions. The CDC is organized and sponsored by IEEE and by the IEEE Control Systems Society (CSS) and the CDC is organized in cooperation with EUCA and SICE.

Milan the capital of Lombardy in the north of Italy, is one of the largest metropolitan areas in the European Union. Milan is known as Italy's fashion, food, architecture and art capital, whose history dates back thousands of years. Get the chance to visit museums and art galleries that include some of the most important collections in the world, including major works by Leonardo da Vinci. As part of your trip, go sightseeing in Italy, a country with landscapes that will take your breath away, rich history, and delicious food, to make your trip nothing short of unforgettable.
